VOLUME 16 ISSUE 2

TO CONSERVE, PROTECT, AND RESTORE NORTH AMERICA'S
COLDWATER FISHERIES AND THEIR WATERSHEDS

FEBRUARY 2008

President's Message

Greetings Fellow TUers:

It is a great time to be a member of OPTU! The annual banquet is 2 weeks away. We have our initial schedule for our workdays on the calendar. My understanding is that the eggs for the Trout in the Classroom will be delivered in about a week. The mountains are all getting snow which hopefully keeps the streams up and the fire danger down. Oh, and we received a statewide conservation award for our work with the Apache Trout from Arizona Game and Fish.

Jeff Collins our past president and current Conservation Officer, his wife Lauren Lucas, our treasurer, and yours truly traveled to Phoenix last weekend for the banquet honoring conservation work around the state. Approximately 150 people watched a slide presentation detailing our work, and Jeff accepted the award on our behalf, thanking Game and Fish for the time and work they provide us in our efforts. The plaque will be at the banquet. While we see the results of our efforts at every work day, it was quite something to have the work recognized in this fashion.

The OPTU banquet is set for February 16th, as I detailed last month. Ticket sales are incredible, and I urge any of you who have not bought yours to make a conscious effort this week, as we will reach the capacity of our banquet facility sooner than expected. Our prizes at this writing include, fishing in Colorado and Montana, Orvis and Sage Rods, an Able reel, and the ever popular Wrinklneck ticket. Our board is extremely proud of what we have in store, and look forward to seeing you that Saturday evening.

This week we provided The Forest Service and Game and Fish our **workday schedule**, which we will firm up probably within the month. The dates are the weekends of April 12, June 21, July 19, August 31, and September 20. Mark your calendars now and we will discuss the work days in next month's newsletter.

Clay Hernandez
President

WIN A HAT

As you know Trout Unlimited is a conservation organization dedicated to the protection and maintenance of our cold water fisheries in this country. Each month we offer one of our newly designed OPTU hats to the member submitting the best water saving tip for use in and around our homes. You can submit the tip to me by email @ czhernandez@comcast.net. The winner will be notified by email each month and announced in the next newsletter. The winner will receive their hat at the next monthly meeting.

Conservation Tip of the Month and Hat Winner

My wife and I make use of our used pasta water by watering our flowers with it. It saves a LOT of otherwise wasted water.

Brian

Brian has won an OPTU hat for his tip which will be awarded at the March meeting.

OPTU Receives Award of Excellence

The Arizona Game and Fish Commission each year recognizes outstanding Arizonans that have contributed significantly to the welfare of Arizona's wildlife and the mission of the Arizona Game and Fish Department. Individuals, organizations, clubs, foundations or government agencies can be recognized for their achievements in nine categories related to Arizona wildlife. OPTU was recognized this year with the Award of Excellence for its work.

Photography Contest

We would like to hold a photography contest for OPTU members. Let's begin one with the next meeting. Bring a copy at least 5 x 7 or email it to John Murphy murphy@pharmacy.arizona.edu for display onscreen or on our website. Three categories: Nature (no people), Fish without people, and "My favorite fish picture" (you and cool fish). Prizes will be determined later for the winners.

CONSERVATION

Grassroots Activist Network

At the center of TU's efforts to raise the profile of coldwater conservation is the **Grassroots Activist Network** – TU members who have volunteered to contact their members of Congress, Governors, members of state legislatures and natural resource agencies on issues of importance to trout and salmon. Grassroots Activists receive brief summaries or *Action Alerts* of issues pending before government decision-makers that could harm or help coldwater fisheries, and guidance on how to be an effective voice for trout and salmon.

As we work to protect fish and their waters, we need your support and involvement to carry the conservationist message. To join the Grassroots Activist Network, please send an email containing your mailing address to grassrootsactivist@tu.org

Joe Fagan needs volunteers for Sport Fishing Programs!

OPTU member, Joe Fagan, has recently been awarded the contract of *Sport Fishing Educator* for the Arizona Game and Fish Department. He is in need of a cadre of volunteers to assist him with various Fishing Programs in Tucson and other towns in southern Arizona. E-mail Joe (JFaganFishEd@gmail.com), call him on his cell phone (520-730-6398), or speak to him at OPTU meetings. He can provide you with a volunteer packet to complete. The AZGFD office on Greasewood Road (across from Pima Community College) can do your fingerprints, essential for certified volunteers. The completed form and fingerprints are sent to the AZGFD main offices in Phoenix. Then, calendars of Fishing Program events will be mailed to you. Joe can inform you of programs he'll be doing any time.

State Report from AZTU

The AZTU council will be having a meeting in January to discuss the upcoming year's events and issues. The eggs for the TIC class will also be delivered in January. There are issues with Canyon Creek. AZGFD wants to make it put and take. We will contact AZGFD to find out why and show them the work that Zane Gray did back in the 80's and 90's on Canyon Creek to make it such a fine fishery.

We will be reviewing the progress on the new forest service plan. TU National also sent out a form to be filled out by Councils and Chapters to determine the health of the chapters and councils. I believe OPTU is well above average. There are also issues about the Parks

Department killing trout in the Grand Canyon which we'll be looking into also. *Jeff Collins*

The New World Record Rainbow. Adam Konrad of Saskatoon, Saskatchewan landed a 43.6-pound pending world record at Lake Diefenbaker on 6 lb test line.
